

# MEET THE NEWEST AUTHOR... AUTHOR'S LET'S CHAT...

James-Alexander Williams/Hollingsworth, author, entrepreneur, and creator of several bursaries are a just a few titles given and received. With years of writing for passion, without a direct purpose it all changed in the summer of 2022. The pandemic was mostly over, and there was a personal loss in my life. Cancer patients were denied, ignored, and victimized against the very ones sworn to protect them, in the health community. A child lost his battle to cancer, due to the fact of a life-saving operation had been postponed with no definite reschedule date. It was during this process that the need, 'You're not ALONE,' was created and the idea of, "THE ADVENTURES OF UDABAR," was born. The target audience is anyone directly or indirectly affect by cancer. Writing is not my career, but a passion formed from various experiences both personally and professionally. I write with passion for a cause by bringing awareness of a cause to the forefront in the series of, 'THE ADVENTURES OF UDABAR,' under the pin name of James-Alexander Hollingsworth for the series and not-for-profit, and James-Alexander Williams for profit in the series, 'CHRISTMAS TRADITIONS,' along with my other published work.

As an event planner with over fifteen years in the business, I have learned how to inspire, motivate, and lead by example. As a result of these experiences, I am now embarking on a new path, and creating awareness for causes that are near and dear to my heart on a professional level through the introduction of Resurgo Communications. Resurgo Communications is a business the creates experiences through events and communicates the importance of, 'You're not ALONE. The creation of, 'You're not ALONE,' was geared towards, "THE ADVENTURES OF UDABAR," A family's journey into Cancer consisting of five books in one binding but has since grown into the following areas of Dementia, Heart & Stroke, Hearing Loss, Blindness, Abuse, Mental Health, and Victimization. Each topic is unique, and we invite you to take this journey with us.

The stories I write are based on the voices of the unheard in real situations with a touch of fiction to protect the identity of the individuals. We all have a story to tell, and I am just honored and privileged to bring the stories to life while uniting a community through knowing 'You're not ALONE.' If there was a call to action, mine would be to challenge you to take a stand and be the voice of the unheard, and bring awareness to the forefront at [www.resurgoco.ca](http://www.resurgoco.ca).

Writing is truly becoming a lost art form, and like all amazing wonders of art once lost, it is very rare to be found. Kitchener-Waterloo has an incredible source of talented writers, authors to be, authors new to the industry, and experienced authors for both fiction and nonfiction that feel alone, isolated, and lost. The idea of, 'Author's Let's Chat...,' is to start the conversation and let authors know they are not alone regardless of their experience to the industry, and on Thursday June 27th, at 7 pm in the broad room at the Waterloo Library Main Branch on Albert we will be discussing, 'FEAR,' what is holding you back followed by an open conversation covering thoughts, ideas, programs, steps to publish you may have and so much more. Seating is limited, and registration is a must, [www.resurgoco.ca/event-list](http://www.resurgoco.ca/event-list)
